# Workflow Organization and Realtime Collaboration (WORC) ERD

CPSC 471 Project: Progress Report #1

Group: Rupert Amodia, Jaxon Braun, Gareth Jenkins

| Assumptions |
|---|
| 1. The application is designed for employee use only and is not currently client facing. The application could be expanded to allow client access at a future time. |
| 2. A single contract can generate multiple projects. |
| 3. Designs can be reused on multiple/different projects |
